OIT 077-87 19 February 1987

|                  | MEMORANDUM FOR:  | Deputy Director for Administration                   |  |  |  |  |  |  |
|------------------|--|--|--|--|--|--|--|--|
|                  | FROM:  | Edward J. Maloney Director of Information Technology |  |  |  |  |  |  |
|                  | SUBJECT:   | Weekly Report for Week Ending 20 February 1987       |  |  |  |  |  |  |
|                  |  |  |  |  |  |  |  |  |
|                  | *1. The fourteen-year-old Automated Communications Terminal (ACT) system, which processes messages originating at Headquarters, was officially removed from service on 12 February. A retirement ceremony was conducted to signify this major step toward modernization of the Communications Operations Center. The replacement for ACT, the Automated Communications Terminal - Originating Replacement (ACTOR), is a component of the Message     |  |  |  |  |  |  |  |

| 25X1             |  |  |  |  |  |  |  |  |
| <i>,</i><br>25X1 | 3. OIT personnel briefed ADP Control Officers, Logistics Officers and Administrative Support Officers on the upcoming survey and installation of the new secure telephone system. Several hundred individuals attended the briefing, which is part of an overall effort to inform all Headquarters personnel about the details of the new secure phone system. The survey is scheduled to begin on 16 March with installation beginning on 13 April. |  |  |  |  |  |  |  |
